HIROTEC AMERICA Celebrates its 30<sup>th</sup> Anniversary

**Auburn Hills, MI., March 05, 2018** – HIROTEC AMERICA, Inc., a member of the global HIROTEC Group that specializes in the production of body-in-white closures, exhaust systems, and closure manufacturing equipment announced the celebration of its 30<sup>th</sup> anniversary.

HIROTEC AMERICA was established on March 3, 1988 to provide body-in-white closure manufacturing tooling to the local OEMs. In the past three decades, HIROTEC has grown to include over 350 employees and close to 500,000 square feet of engineering and manufacturing space.

Most recently, HIROTEC AMERICA expanded their operations to include a new state-of-the-art headquarters, which includes a new stamping die tryout center that is equipped with the latest high-speed machining capabilities.

"I'm very proud of the HIROTEC AMERICA team and our accomplishments. I'm also very thankful for our customers and their continued support, as well as the City of Auburn Hills and the State of Michigan for creating a strong and supportive community," said Katsu Uno, HIROTEC AMERICA Chairman and CEO. "Our dedication to applying our principles of sincerity, modesty, and progress to every facet of our business has greatly contributed to our success and is reflected in our three decades of growth."

HIROTEC AMERICA has continued to stay at the forefront of the industry by providing a full vertical approach that provides its customers with high quality body-in-white doors and closures through integrating stamping dies, assembly systems, and hemming equipment seamlessly and efficiently.

A celebration event for employees is planned to take place early this summer.
