Residential Fire

6/07/2025

A-shift was called to a structure fire at a local apartment complex. Upon arrival, Engine 3 crew found brown, hazy smoke inside the building. A small fire was located in the kitchen area and quickly extinguished with tank water. The fire was investigated by an inspector who, based on available evidence, found the fire to be accidental in nature. No injuries were reported.

SCBA Fill Station

6/10/2025

Self-Contained Breathing Apparatus (SCBA) is a portable breathing device used by firefighters when they enter an Immediately Dangerous to Life or Health (IDLH) environment. The bottles must be filled after each use. This is done by means of a fill station. The old fill station was 25 years old and in need of replacement. This month, the department took possession of the new fill station, which was funded by a grant. Firefighters were trained in proper usage of this equipment. Obtaining the new fill station ensures SCBA bottles are filled correctly and safely, reducing the risk of over-pressurization or contamination.

Vehicle Fire

6/15/2025

C-Shift responded to a call for a vehicle on fire in the parking lot of a towing company. Upon arrival, the crew found a working fire in a vehicle that was spreading to nearby vehicles. Engine 3 and Ladder 2 firefighters used tank water to knock down the fire in both the ~CONT.

SUV and the pickup truck next to it. No injuries were reported.

Summerfest

6/21/2025

Auburn Hills firefighters were connecting with the community at this year's Summerfest in the new UTV! With its compact size and specialized features, the UTV is perfect for events like Summerfest, where large crowds and tight spaces make traditional fire apparatus access difficult. The new vehicle gives the department the ability to respond faster in areas where a firetruck or ambulance can't go. Summerfest is a 2-day event which featured the new Public Square Ribbon Cutting Ceremony, an Ice Cream Social with City Council, concerts, a car show, petting zoo and so much more! AHFD was proud to be a part of this fun family event.
