Firefighter of the Year

3/15/2025

Lieutenant Bryan Shambeck was selected as the American Legion Post's Firefighter of the Year. Lt. Shambeck began his career with AHFD in 2011, promoted to full-time firefighter/paramedic in 2013 and lieutenant in 2020. In the past 5 years he has completed Company Officer 1, 2 and 3 and currently serves as the EMS Instructor Coordinator. Lt. Shambeck is a member of both the Apparatus and Training Committees, helping to create our Field Training Officer book. Congratulations Lt. Shambeck on this well-deserved award!

Trash Compactor Fire

3/17/2025

A-shift was dispatched for a dumpster fire, but while enroute, discovered it was a trash compactor on fire that was attached to a commercial building. The compactor had to be released from the building by firefighters, then pushed further away using the spreaders. Once released, the compactor was attached to a chain and pulled 25 feet from the building using a hi-lo. Firefighters immediately extinguished the fire using water and foam.

Swear In

3/17/2025

Firefighter Alexander Liogas was sworn in during the City Council meeting on March 17 after successfully completing his probationary period. The ceremony took place in front of city council members, city staff, department members, family and residents. The Auburn Hills Fire Department congratulates FF Liogas and wishes him the best of luck in his career.

UTV Training

3/18/2025

All three shifts were offered training on the new UTV the fire department has recently acquired.

There was a full day of training, half of which was in the classroom and the

other half was an actual driving test. This UTV can be utilized for brush/grass fires that are unreachable for typical fire apparatus. It can also be used at downtown events for medical necessities when roads are closed, on tight trails, and on the golf course.

Fire Extinguisher Training

3/21/2025

The Auburn Hills Fire Department offers training in many different areas for businesses and residents of Auburn Hills. One of the most popular classes is fire extinguisher training. One of the fire inspectors schedules training at a local business and allows each employee attending to practice putting out a controlled fire with fire extinguishers provided by the business.

Electric Vehicle Fire

3/28/2025

A shift was called for a vehicle fire in a local parking lot. Engine 3 personnel extinguished this electric vehicle fire with a 100' preconnected hose line. Once extinguished, the car was towed and fire personnel washed down the area to clear the debris.
