Summer Camp

7/02/2025

The Fire Department hosted the day camp kids for a tour of the department, then brought a ladder truck over to meet them on the sports field so they could cool off under water from the fire hose.

Commercial Fire

7/11/2025

A-Shift was called to a structure fire at a restaurant inside the Great Lakes Crossing Mall. A large amount of black smoke was seen upon arrival. Rescue 1 made entry and noticed the suppression system had contained the fire to the fryer unit. Engine 3 arrived, stretched a 200' 2.5" hose and carried a 100" portable hose pack to knock down the fire. Ladder 2 arrived and assisted the crew with extinguishing the fire. The scene was then investigated by an AHFD Inspector who determined, based on available evidence, the cause was accidental in nature.

Dumpster Fire

7/18/2025

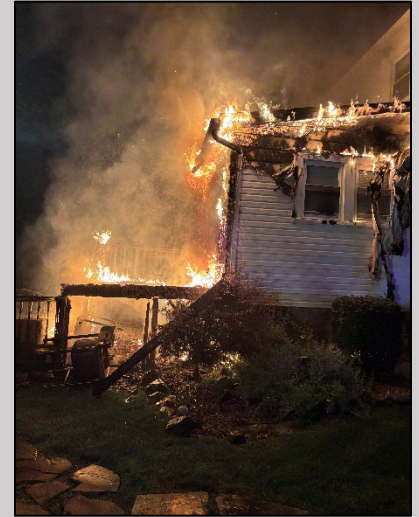

Dispatch notified A-shift of a dumpster fire in a parking lot. Engine 3 arrived at the scene of a fire confined to the dumpster. The fire was quickly extinguished with foam and tank water, preventing it from spreading.

Structure Fire

7/22/2025

C-Shift responded to a call for a residential structure on fire. Crews arrived to find the attached deck and rear of home were on fire. The homeowner was safely out of the house. Engine 3 crew stretched 1.75" handlines to begin the fire attack. Once the fire was knocked down, firefighters forced their way through the rear door to fight the fire inside the kitchen. AHFD completed extensive overhaul on the kitchen, removing roofing, siding, soffits and fascia in order to completely extinguish the fire. The investigation revealed the fire started on the deck outside the residence and spread before firefighters arrived. AHPD's fire investigator handled the investigation.

Vehicle Fire

7/25/2025

Dispatch toned C-shift for a vehicle fire in the parking lot of Best Buy. Crews arrived to find a fully involved car fire. Firefighters used tank water and foam from Engine 3 to battle the blaze. The driver of the vehicle immediately pulled over to call 911 after noticing a strange odor and seeing smoke and flames coming from the dash. No injuries were reported.
