October 9, 2025

Honorable Mayor Brian Marzolf and
Members of the Auburn Hills City Council
1827 North Squirrel Road
Auburn Hills, MI 48326

Mayor Marzolf and Members of City Council:

In accordance with the City of Auburn Hills Charter, staff recommend the City Council adopt the enclosed annual budget for 2026.

Throughout the year, staff continue to amend the 2025 budget to adjust for unexpected expenses, changes in operations, and material final expenditures that were not evident when the 2025 budget was approved on October 21, 2024. Utilizing the most recent data and the most current amended budget available to us, staff assessed the City's needs for the 2026 fiscal year. A capital improvement plan workshop was held in August to evaluate infrastructure projects and study both need and impact to the city's primary operating fund, the General Fund. Then, using feedback from the capital improvement workshop, planned improvements were adjusted accordingly and reflected in the first of two budget workshops held on September 22. The budget workshops allow City Council time with staff to review the 2026 proposed budget and future projections. Staff and City Council had comprehensive conversations about the City's current fiscal health looking at staffing, capital investments, and operational needs. Also, sewer and water rate charges were discussed and evaluated considering scheduled infrastructure improvements and anticipated increases in assigned debt from county-wide agencies. Staff also introduced a new department to the General Fund during the workshops, the Emergency Management Homeland Security department, specifically to assist in FEMA funded initiatives that should arise. A second workshop was held on October 6, finalizing the budget with changes from the first workshop and allowing time to further explore several special revenue funds that support specific needs. Staff and City Council's collaboration directed the contents of the 2026 financial plan.

The 2026 budget document meets legal fiscal requirements upon approval by the City Council. The future budget plan projections for 2027 through 2030 are not required for approval. Utilizing the most current departmental capital requests and considering a variety of assumptions to reflect potential future revenues and expenditures, the full document is meant to provide details for stakeholders and other interested parties about the upcoming year's financial activities, as well as a longer-term financial estimate which City Council can consider in current decision making. While the projections are fluid and will be amended upon realization of unknown items such as unfunded mandates, economic shifts, grant availability, and infrastructure failures, the future projections do include modest growth projections, collective

bargaining agreement obligations, and asset management plans concerning roads, water and sewer, and immediate facility needs.

Property values continue to modestly rise within the limits on taxable values set by the Headlee Amendment and Proposal A. The limit is the lesser of CPI or 5%. Current projections estimate 2026 property tax net revenues to be approximately 2.5% more in 2026 over that of 2025 based on CPI at 2.9% in 2024. While the 2026 budget addresses necessary infrastructure and operational needs, those costs continue to exceed the property tax revenues generated to support the general fund primarily due to roads and general operations. The City has not requested an increase in the General Fund operating millage since 2005.

One of the City's biggest investments that often requires General Fund support is road repairs and improvements. In 2026, the General Fund street department anticipates utilizing the full \$4 million expected in collection from road millage revenue, road related special assessments from eligible projects, and allocated state personal property tax reimbursement for roads. However, to fully fund the 2026 Major and Local roads project plan, the General Fund will have to assist with another \$1.5 million of reserves. An evaluation of planned road improvement costs compared to all funding specific to roads and contributions from Tax Increment Finance Authorities suggest the gap will still require about \$10.7 million of additional funding direct from General Fund reserves for the 2026-2030 road improvement projections. This does not include the cost of debt payments on the City's 2017 or 2021 bond issues which addressed nearly \$21 million in road improvement projects. These issuances will expire in 2033. Keep in mind, the draw upon reserves was much higher earlier in the budget process. Staff had no choice but to delay some projects beyond desired dates in order to keep the total City operation financially stable long-term at a level desired by City leaders.

Another area that is underfunded is Fire/EMS; it continues to put pressure on the General Fund by drawing additional reserves for costs not supported by its millage. Over the five-year period, we expect Fire/EMS to utilize \$5M of general fund reserves that would otherwise be available for other departments and staffing efforts. It will be necessary for management and City Council to address the financial need of the Fire Department sooner than later.

Financial decisions such as carefully planned debt issuances, lean staffing, and attention to long term needs have assisted in the City being able to maintain a very enviable fund balance while still preserving the infrastructure. Management prides itself on continued diligence to retain this distinction in future years. The City, with the support of the City Council and ongoing dialogue with all stakeholders, is optimistic that it will continue to proactively provide innovative services and address critical infrastructure and operational needs. The City takes pride in providing efficient and effective services for its residents. Staff continue to dissect its programming and operations to drive prudent decision making. Priorities are challenged regularly and may be postponed, cancelled, or redesigned to ensure the best use of funds.

The City's second largest fund, Water and Sewer, continues to remain funded at adequate levels to protect the City's costly infrastructure that is maintained within that fund.

The City is recommending a 4% increase in water rates and a 0% increase in its sewer rates for 2026.

The City's continued participation as a member of the North Oakland County Water Authority (NOCWA) provides stable and better controlled water costs, however, rate increases are expected each year. Furthermore, the City strategically plans utility infrastructure improvements to coincide with planned roadwork, when possible, to create cost efficiencies to preserve both Water and Sewer Funds. The need for water rate increases is typically due to larger infrastructure projects or the impact of increases in the cost of water to the City from the Detroit Water and Sewer Department.

Sewer revenues assist in reimbursing the costs of sewer treatment but also are necessary to meet annual debt obligations passed on, or anticipated to be passed on, to the City by other third-party entities and governmental agencies. The Oakland Macomb Interceptor Drain (OMID), for instance, has had continued improvements since 2010 and is managed through Oakland County's Water Resources Commission. Thus, sewer rates consider assigned debt, large infrastructures projects, and the cost of sewer treatment billed to the City.

As of 1/1/2026, the City has \$12 million in debt related to water/sewer. The City has not apportioned debt to every resident and will continue to be diligent in keeping rates as low as it can while still maintaining its infrastructural needs. Though projections include rate increases through 2030, the City reviews its necessity with each annual budget cycle ensuring the fund's continued flexibility to react quickly to any emergency, but more importantly to maintain the water and sewer system to mitigate more costly, unplanned events. The City anticipates no increase in Sewer, despite increased costs and continued debt, for fiscal year 2026.

2026 Budget Overview

The total budget (appropriations) for fiscal year 2026 for all funds, including component units, is \$103,336,738. Overall, this represents about a \$13.5 million or 11.5 percent decrease from the current 2025 amended budget as of October 1, 2025. (Amendments to the 2025 Budget can be made until December 31, 2025.)

APPROPRIATIONS	2024 ACTIVITY	2025 AMENDED	2026 BUDGET
General Fund	\$ 38,445,343	\$ 49,938,679	\$ 49,740,900
Major/Local Roads Fund	8,946,814	19,148,111	11,566,023
Capital Projects Fund	748,989	-	-
Other Non-Major Governmental Fund	446,189	1,035,756	866,096

Component Unit Funds	4,404,120	10,099,809	13,250,007
	<u>\$ 75,184,959</u>	<u>\$ 116,817,658</u>	<u>\$ 103,336,738</u>
Change from prior year		55.37%	-11.54%

REVENUE COMPARISONS

The previous pie chart shows the components of the 2026 Budget revenues (net of interfund transfers and allocations) for the total City. The General Fund's dependence on property tax revenues and the support of service charges necessary for the Water and Sewer Fund is evident.

PROPERTY TAXES

Property tax and related revenues comprise 43% of all 2026 budgeted revenue, excluding transfers of cash between funds and interfund charges for services. Transfers are primarily to the General Fund for allocations of administrative and general support services, to the Fleet Fund for use of vehicles and equipment, and to the Debt Service Fund (from General Fund) for capital bond payments. In 2026, property taxes in this budget are reported in the General Fund and the Component Units: Tax Increment Finance Authority (TIFA) Districts, Brownfield Redevelopment Authority (BRA), and Downtown Development Authority (DDA).

Total property tax in the General Fund, which includes related revenues such as delinquent collections, fees, and late interest for 2026 are \$25.2 million, of which \$24.2 million is direct property taxes based on current millages. General Fund property tax revenue is used to support the Police, Fire/EMS, Roads, and general operations of the City. General Fund property tax revenue is estimated to support approximately 51% of General Fund expenditure in 2026. While property tax revenues are intended to be the primary source of funding for the General Fund, road projects and Fire/EMS services outpace property tax revenues thus drawing on reserves for funding in 2026. General Fund property tax revenues generated by the millage for 2024 and anticipated for 2025 and 2026 are shown in the table below (millages have been reduced by MCL 211.34d or "Headlee"):

<u>General Fund</u>	Operating Millages 2025 (determine 2026 revenues)	2024	2025 AMENDED	2026 Requested
City Operational	2.1049 (was 2.11 2005-2020)	\$ 3,935,694	\$ 4,150,123	\$ 4,219,590
Police	5.9713 (was 5.9857 2003-2020)	11,218,946	11,773,652	11,970,429
Fire	2.4940 (was 2.5 2017-2020)	4,685,736	4,772,352	4,999,606
Road	1.50 (since 2020)	2,818,208	2,871,651	3,006,985
Total General Fund Property Tax Revenue		\$22,658,584	\$ 23,567,778	\$24,196,610
% change from prior year			4.01%	2.67%

The City's Library millage, which must also be approved by the City's governing body, was reduced from .7041 mills to .7024 mills due to a Headlee reduction in 2020. The original 1 mill was approved in 1984. Residents approved a 10-year Headlee override for the Auburn Hills Public Library in 2021 to bring its full millage back up to 1 mill by providing an additional .2976 mills. It is not, however, reflected in the table as it does not support the General Fund. The City has no library debt millage; the millage for previous Street Paving and the millage for the Library building expansion expired in 2003 and 2004 respectively.

The City collects taxes for many governmental entities. Using the 2025 tax rates, the City retains 34 cents for each dollar collected, spread between general operating, fire, police, and roads as shown below.

Where Do Homestead Dollars Go?

The City of Auburn Hills' taxable value is heavily dependent on commercial/industrial business, estimated at 75% compared to 25% residential. The City's General Fund allocation of the State's personal property tax reimbursement for lost revenue is expected to be approximately \$2 million in 2026. While additional reimbursements are expected, it is a revenue source without guarantees in the future. Regardless, until funding cuts are more directly communicated, the City has included \$9M in cumulative reimbursements in the 2026-2030 projections.

CHARGES FOR SERVICES

Service charge revenue anticipated for the City is \$21 million in 2026, of which \$16.8 million is attributable to estimated Water and Sewer usage fees. Water and Sewer Fund revenue is not directly used for general operations of the City and is limited to supporting the related infrastructure and operational costs of this unit. On January 1, 2026, service charges to residents and businesses for the use of City water will increase 4% while sewer will see no increase. Future projections include additional planned water rate increases of 3% for 2026-2030. Sewer rate planned increases are 1% in 2027, 2% both in 2028 and 2029, at 3% in 2030. Rates are determined by considering the impact of fees imposed on the City for the purchase of water and treatment of waste, as well as the overall budget necessary to maintain these services by the City to the Auburn Hills community. The fees collected are primarily used to pay what the City is billed for water purchases and sewage treatment, which is expected to be \$10.9 million or 65% of the fees charged. The remaining fees, along with other cash revenue from maintenance and connections fees, capital and lateral fees, and interest income, pay for routine operational costs and debt. The City responsibly maintains a deliberate unrestricted Water/Sewer net position to respond to emergency events and to prepare for scheduled annual service and replacement of infrastructure to ensure its ability to provide the best uninterrupted service possible, regardless of the economy in any given year.

EXPENDITURES

The next chart identifies where funds are spent in the City (net of administration, interfund, and other transfers) to reflect total expenditures not associated with another department's revenue. That actual total expense is \$82.9 million. When compared to net revenue, there is a \$13.9 million cash need for 2026 across funds.

As is typical with service organizations, wages and benefits are the largest cost to the City. Due to a parking initiative and a large water project, capital follows as the 2nd largest cost this year as opposed to the cost of purchasing water and sewer which falls to 3rd as this year as one of the more costly expenditures to the City. It is important to keep in mind, when looking at the totality of City operations, that water/sewer costs drive the utility billing rates for this service and are not funded with City tax dollars. Of the total \$24.7 million in capital purchases planned, 29% is road projects, 20% is City directed water/sewer improvements, and 20% is due to planned land improvements in the General Fund. It is worth recognizing that of the \$5.3 million budgeted for repair and maintenance expenses, 26% of that budget is focused on preventative road maintenance throughout the City. The General Fund is intended to be responsible for most of the City's operational expenditures, including Police and Fire. Of the total 2026 City-wide appropriations, 48.2% or \$49.7 million is reflected in the General Fund. The Water/Sewer Fund budget reflects 20% of total City budget or \$20.6 million.

Wages and benefits account for 25% of total City expenses or 32% of appropriations net of transfers. The 2026 projections are approximately 11.6% lower than what the current 2025 amended budget reflects. The decrease is occurring because the 2025 amended budget includes several projects that were not completed in 2024.

Concluding Remarks

The 2026 budget reflects operational steadiness and financial soundness with more than sufficient reserves to absorb the extraordinary increases in pricing for contracted services primarily with large capital projects and goods. The City hopes current pricing becomes less volatile compared to the past two years, allowing a much slower decline in fund balance. Being prepared for unfunded mandates, assigned debt from the County, and the potential for larger than normal cost increases for multiple services will require the City to remain disciplined with prioritized spending.

A 2024 CPI of 2.9% provided for a 2.5% increase in projected net property tax revenues for 2026 over that of 2025 in the General Fund. With modest 3% change in taxable value due, projections show modest revenue growth. The City, however, will continue to creatively repurpose underutilized properties to create greater revenue opportunities for future years. Through 2030, the City will utilize every dollar from its road millage for road related projects and rely on the Tax Increment Finance Authority (TIFA) districts and Downtown Development Authority (DDA) to financially manage infrastructure and community expenditures from depleting General Fund reserves. The support of these authorities is not in perpetuity. The TIFA Districts A, B, and D property tax captures terminate on 12/31/2031, while the DDA property tax capture terminates 12/31/2029.

The City expects use of reserves to address capital needs while still maintaining fund balance above required policy levels over the 5-year projection. Costs for healthcare, insurance, and other necessary investments to maintain general business best practices and attract and retain employees are also rising well over the current CPI (as of August 2025) of 2.9%.

Looking out to fiscal year 2030, we see road and related infrastructure plans continuing to draw down the General Fund. While the City prides itself on low debt commitments, staffing will watch for opportunities for advantageous borrowing as it did in 2021. Further, the City will continue strategically planning road improvements with water and sewer upgrades and consider delaying projects to correspond with federal or state funding to extend resources. The City must continue to make the employment of qualified and committed staff a priority. Governmental public servants across all services continue to experience staffing shortages as potential candidates measure open positions not just against other municipalities but the private sector as well. The 2026 budget seeks to be responsibly competitive with wages and benefits; the City must be creative with opportunities and flexibility for staff. Additionally, the budget includes plans to continue providing training and leadership development for its committed staff.

Under the guidance of the 2026 financial plan, ongoing resident support, and continued partnerships with local business and agencies, the City will carry on the ability to maintain the distinctive infrastructure and services that define the City of Auburn Hills' reputation through its core values of excellence, safety, diversity, humility, fiscal responsibility, and attentive service.

Thank you, Mayor Marzolf, and City Council, for your support of the City of Auburn Hills 2026 budget.

Sincerely,

Thomas A. Tanghe
City Manager

Community Profile

The City of Auburn Hills is a proud, dynamic, 17.5 square mile community with a population of approximately 26,000 residents living in a broad array of housing that includes single-family neighborhoods in various price ranges, apartments, condominiums, townhomes, and manufactured housing communities. We are a relatively young city, incorporated in 1983 from the former Pontiac Township. Characterized by rolling terrain, beautiful natural resources including the Clinton River, and thousands of Michigan hardwoods and evergreens, the community is committed to maintaining part of its rural character among its high-tech businesses. In addition, the City is home to three growing higher education institutions, including Oakland University, Oakland Community College, and Oakland University-William Beaumont School of Medicine. The City also benefits from having the I-75 and M-59 transportation corridors running through the City, providing easy access to greater southeast Michigan. This, along with the availability of large tracts of open land and a desirable tax abatement policy, has facilitated unprecedented development over the past 40 years.

Auburn Hills has established a reputation as a financially healthy and innovative community home to numerous world-class businesses, a growing center for higher education, and diverse, vibrant neighborhoods. Today, the City is recognized, among other accolades, as an "Active Adult Community" and a "Community for a Lifetime" that embraces a high quality of life for all its residents and the workforce of its businesses, which is expected to support steady population growth, and non-residential development, for decades to come.

The Major Building Blocks of Our Community:

Global Business

Entertainment Destination

Center of Higher Education

Diverse Neighborhoods

Fostering a Sense of Community

Active Community

Environmentally Responsible

Strong Tax Base

Global Business

Auburn Hills is home to over 80 international corporations, including many high-tech facilities. Our largest employer is Stellantis, with a property representing 7% of the City's tax base. Great Lakes Crossing Outlets, Michigan's second-largest regional shopping center and home to Bass Pro Shops Outdoor World is one of our many valued retail assets.

Entertainment Destination

The City is home to many entertainment venues, including Oakland University's Meadow Brook Theatre and Art Gallery, perfect for those looking to experience Broadway- and museum-quality art close to home. SEA LIFE Aquarium, LEGOLAND Discovery Center, Peppa Pig, and Round 1 Bowling & Amusement have found a home in Great Lakes Crossing Outlets. Along with Topgolf and The HUB Stadium, these major venues provide the community with a wide range of choices to find fun and entertainment.

Center of Higher Education

The City takes pride in hosting a growing number of institutions of higher learning, including Oakland University, Oakland Community College, and the Oakland University-William Beaumont School of Medicine, which together attract over 20,000 students.

Diverse Neighborhoods

With the influx of growth and development, City leaders have worked hard to protect the community's residential neighborhoods from the encroachment of nonresidential development and the impact of increased traffic. We recognize that healthy, safe, attractive, and diverse neighborhoods are essential to encourage a stable residential base. The strong desire to protect and invest in these areas is a core value in Auburn Hills. The City's recognition as a "Community for a Lifetime" demonstrates its commitment to residents of all ages.

Fostering a Sense of Community

Providing a variety of social and community events is a priority for the City because they help give a sense of place and belonging – feelings that can translate into happy and healthy residents. Events like Bunny Bash, Spooktacular, and the Tree Lighting Ceremony bring families together during the holidays, while events like the Paddlepalooza, Fishing Derby, Summerfest, the Fall Festival in the Woods, and the Winter Solstice Lantern Walk provide opportunities to enjoy the outdoors throughout the year. Downtown activities and events like the Friday Night Music Series, Reels by the Riverside, and Downtown Sips & Sounds, along with amenities like the Splash Pad and Knight Amphitheater, help foster the City's continued growth.

Active Community

The City takes great pride in its nine parks and a wide range of award-winning recreation opportunities its residents and visitors can enjoy. Amenities include an Arthur Hills-designed championship golf course (Fieldstone Golf Club), a vibrant Community Center, a modern lodge and overnight campground (Hawk Woods Park), a Skate Park, two neighborhood tot-lots, and numerous parks and pavilions. Several miles of sidewalks and pathways throughout the city help make Auburn Hills "walkable" by connecting neighborhoods to parks, schools, businesses, and shopping with up-to-date pedestrian facilities.

The City also offers a full line-up of year-round recreation programs that accommodate people of all ages and abilities. The facilities available to the community are designed to accommodate everyone and provide a wide variety of exceptional opportunities for recreation and leisure time enjoyment by residents and visitors alike. These programs and recreational facilities offer residents many options to stay active and healthy.

Environmentally Responsible

Throughout the years, environmental sustainability, water quality, land stewardship, and the aesthetic appearance of our community have been hallmarks of Auburn Hills' planning consciousness. Park-like roadways lined with trees and walking and bike paths linking the community and numerous parks are all evidence of the City's harmonious integration of planned development and natural resources. Knowing the vital role trees play in maintaining its community's high quality of life, Auburn Hills has one of Michigan's strongest tree preservation policies and has been recognized as a Tree City USA by the Arbor Day Foundation for the last twenty-six years. The community has a long-term strategic plan for a "River Walk" along the Clinton River that will link two major parks and enhance its downtown area as a destination for outdoor recreation. The Civic Center Campus, which includes the City's Administrative Offices, Public Safety Building, Community Center, and Library, is architecturally consistent with its original historic buildings and illustrates the community's interest in aesthetic appearance.

Strong Tax Base

Tax records show that the Auburn Hills tax base is about 75% nonresidential and 25% residential taxpayers, uniquely the opposite of most municipalities. The generated revenue has allowed Auburn Hills to invest money into its roads, infrastructure, municipal facilities, and neighborhoods. The City's property tax structure has allowed the City Council to maintain one of the county's lowest city property tax rates without compromising the quantity and quality of the services provided.

Auburn Hills continues to nurture and implement its vision as a vibrant, diverse, and innovative community that offers a wide range of residential, business, academic, and development opportunities while retaining its natural beauty and small-town charm.

MILLAGE RATES

Prepared by Marie Collias	Telephone Number (248) 364-6810	Title of Preparer Deputy Assessor	Date 09/09/2025
-------------------------------------	---	---	---------------------------

CERTIFICATION: As the representatives for the local government unit named above, we certify that these requested tax levy rates have been reduced, if necessary to comply with the state constitution (Article 9, Section 31), and that the requested levy rates have also been reduced, if necessary, to comply with MCL Sections 211.24e, 211.34 and, for LOCAL school districts which levy a Supplemental (Hold Harmless) Millage, 380.1211(3).

☒ Clerk	Signature <i>Laura M Pierce</i>	Print Name Laura Pierce	Date 09/09/2025
☐ Secretary			
☐ Chairperson	Signature <i>Marie Collias</i>	Print Name Marie Collias	Date 09/09/2025
☐ President			

* Under Truth in Taxation, MCL Section 211.24e, the governing body may decide to levy a rate which will not exceed the maximum authorized rate allowed in column 9. The requirements of MCL 211.24e must be met prior to levying an operating levy which is larger than the base tax rate but not larger than the rate in column 9.

** **IMPORTANT:** See instructions on page 2 regarding where to find the millage rate used in column (5).

Local School District Use Only. Complete if requesting millage to be levied. See STC Bulletin 2 of 2025 for instructions on completing this section.

Actual Taxable Values and % Change is based on ad valorem real and personal property reported in the annual Oakland County Equalization Report. Fiscal years 2026-2030 are increased by the prior years estimated CPI and anticipated tax base growth adjusted for estimated personal property value loss.

Ad Valorem taxable values do not include additional taxable value of the City parcels eligible for application of the Industrial Facility Tax Act (IFT), or the reduction in taxable value captured by the districts assigned to the City's Tax Increment Finance Authority (TIFA), Brownfield Remediation Authority (BRA), or Downtown Development Authority (DDA).

General Fund Tax Disbursements represent actual collections based on fiscal year tax bills. 2026 estimate is based on tax rolls after the 2025 March Board of Review. The 2027-2030 estimates include increases for the CPI cap and growth for the year assessed. For example, 2027 uses budget year 2025 CPI and Growth. Tax Disbursements do not reflect other revenue associated with City tax collections (penalties, delinquencies, administrative fees, chargebacks, and Michigan Tax Tribunal Appeals). Refer to the City's Annual Budget for total tax collection revenues.
